

Thailand: Mindful Conservation
January 2013
Ages 13 and up

Join Mandy Revak, KidScience and Zoo U. coordinator, as she discusses and shares photos of her recent trip to Thailand. Learn about conservation efforts throughout the country, including efforts to study and protect hornbills in Khao Yai National Park, and conservation initiatives organized by Buddhist monks. The talk will include a discussion of how Buddhism and culture influence conservation initiatives, with a brief focus on mindfulness and meditation.

Registration information coming soon!
